

St Michael Prekindergarten Technology permission

St. Michael Preschool received a \$500 grant from American Electric Power (AEP) to purchase 5 Kindle Fire Tablets with tactile screens. St. Michael Prekindergarten would like to use the Kindle Fire tablets for Phonics, Math, Social Studies and Science practice. A child who uses the tablet will have approximately 5 (or 10 minutes at the maximum) screen time to practice academic skills. We will not use them every day and the children will not have internet access since programs are on the tablet. The use of Kindle Fire tablets will be during academic or free play center time. Please have your child “sign” the student section and talk to them about being respectful and careful with the tablets. Below are some of the many features on the tablet we plan to use:

Tactile screen on tablet front to practice writing letters

Math and phonics games

Social Students and Science games

Story read aloud

Video the students acting out a story and watch the video they made as a class

St. Michael Prekindergarten Acceptable Use Policy:

St. Michael Prekindergarten staff will monitor student use of tablets

St. Michael Prekindergarten students will:

- *be careful with the tablet
- *ask for help
- *only use the games my teacher gives me on the tablet
- *listen to my teacher when my turn is finished

Student:

I have had the St. Michael Prekindergarten Technology Acceptable Use Policy read to me and I promise to follow the classroom tablet rules. I understand that I will not be allowed to use the tablet if I choose not follow the rules.

Student Name (print) _____

Parent:

As the parent or legal guardian of the student signing above, I have read this Technology Acceptable Use Policy and grant permission for my child to use the Kindle Fire tablet for educational purposes. Typing below signifies signature.

Parent/Guardian Name (print) _____ Date _____

Parent/Guardian Signature _____
